

Greetings Club Foundation Chairs;

The Annual Programs Fund Area contribution report for the 3rd quarter of this Rotary year is now available on-line <http://www.rotary5020.org/foundation/stats/apf.pdf>

As of the end of March, **only 42 Clubs in the District** have reached or exceeded their Club's Foundation goal for the Annual Programs Fund. The rest of the Clubs, mainly in Areas **3, 5, 7, 8 and 10**, are behind in their contributions to date, with **three Clubs having Zero contribution for the year.**

Now the good news is that the District has achieved **\$575,429 of the Club Goals of \$603,000** for this year. If over the next two and a half months the rest of clubs meet or exceed their shortfall of **\$177,951** it would be a fitting tribute to fulfill our District Governor's Norm goal of **\$650,000.**

I know that several Clubs has funds in transit and the results would look a lot brighter for the April report, however this is the time for us to take a hard look at where we stand in relation to meeting our Clubs Foundation goals, If you need more information or assistance with Annual giving, please do not hesitate to contact me.

"ALL ABOARD" the **"EVERY ROTARIAN EVERY YEAR"** initiative - to make this another great year for the Foundation!

YIR
Bashir
