

## FOUNDATION TALK

Sunday, March 9, 2008

Hello everyone:

Have you been having club Programs that showcase the Rotarian Video Magazine Collection? These videos are produced by Rotary International three times a year and contain small vignettes on projects that have been funded by Rotarians, the Foundation or a combination of both. They are emotional but realistic viewings of the many ways we can be of assistance to those in need. If you go to this site [http://shop.rotary.org/catalog/product\\_info.php?products\\_id=449](http://shop.rotary.org/catalog/product_info.php?products_id=449) you can sign up for a subscription to the RVM for \$30 which gives you three new videos a year. This is a saving of \$15 as, purchased individually, the videos are \$15 each.

Let's get more Rotary content into our weekly meetings - sign up today for a subscription to the Rotarian Video Magazine!

Have a great week and let's get those Polio dollars in for Governor Norm!

Cheers,

Joan
