

FOUNDATION TALK

Have you checked out the new 3 page mini website
<http://www.rotary.org/en/EndPolio/Pages/rifdefault.aspx>.

This website has been designed to engage the public in giving them an opportunity to help end polio by making a contribution on-line and to promote awareness of our campaign to eradicate the polio virus. Start working on your plans now to hold a fundraiser in your community to assist in raising funds to meet or beat your \$1000 club contribution towards the \$100Million challenge over the next 3 years.

I have been at a training session all weekend for Foundation team leaders and there is lots of good news coming our way ~ ome piece of good news: in addition to Club Presidents and Secretaries, the all-clear has been given for Club Foundation Chairs and Treasurers to receive access to Foundation reports! Great news that should take place for 2008-09.

Do you have a good supply of TRF Direct forms at your club? If not, please order them as soon as possible - US clubs Form 998-EN US and Canadian clubs Form 998-EN CDN. Promotion of TRF Direct has statistically proven that your club has more of a chance of increasing your number of Sustaining members and your Paul Harris Society members by having people sign up for TRF Direct. A great tool for increasing your contributions to our Foundation.

Have a great week everyone!

Joan
