

**DAWN** is leased from Henny Brydges. Dawn has been owned by Henny for most of her life. She has pulled a cart for most of her life, had babies, and is leased to our program for the season. Dawn has settle down into the class routine and seems to enjoy herself.

**BLACK BEAUTY** is 12 years old. She is a Section A (smallest) Welsh pony and is very good with our tiny riders. She has been working with our Friday "Stable Program" teaching the children about grooming.

**SNICKERS** is leased to the Society by Karen and John Eigler. Snickers is 23 years old. She is a Quarter horse who is very well behaved. She went to the B.C. Disability Games this summer and was a star. Snickers is a bit lethargic but we love her just the same. She loves to boss the geldings around and they love her to the point of distraction.

**SOPHIE** is a Dutch Warm Blood, 23 years old, and is owned by Rosemary Webber. Rosemary keeps wanting to keep her at home but the program keeps needing her. No retirement yet Sophie!

**SMOKEY** is 20 years old. She is a Registered Quarter horse who came to us at the end of our Spring Session. Smokey is on lease from Pat Lau. Smokey is very gentle and quiet, so far.

**FERRA** is our new Hannoverian Warm Blood horse. The program is just trying her out to see if she is appropriate for the classes. She seems very quiet and well behaved. The test is complete after a week or so when the horses settle in, feel more comfortable, and then show their true personalities (just like people). We are hopeful she will work out for us. Farrah is owned by Ken and Wendy Smith.
