MORE ABOUT FUNDRAISING

Fundraising for Therapeutic Riding programs is an ongoing process. Non-profit organizations rely on the good hearts of foundations, businesses, and individuals.

The riders are charged a minimal amount so they can participate and the employees are paid minimally. The CVTRS has over 100 volunteers involved. Many of them have been helping this program for more than ten years. They help in the barn, in the office, with fundraising and in the classes.

This program is presently the biggest one in B.C. and the mental health part of it (The Stable Program) is the first in Western Canada.

Grants are being written on a daily basis so if you know anyone in any of our wonderful foundations or clubs please let us know. Its sometimes not "what you know" but "who you know"!

Remember we collect recyclable pop cans and bottles! Just leave them in the lounge. Canadian Tire Money pays for our Farrier. Leave your points for us at Quality Foods as we use the points to purchase food for our program. Do remember to pick up your Thrifty's Smile Card.

A special thanks to the Comox Valley Lions Club for a \$5,000 donation which will be a donation towards rider sponsorship for The Stable Program children.

The Stable Program is a pilot program, started with the help from the Ministry of Children and Families, in Courtenay. On board is the Ministry of Aboriginal Children and Families and School District #71.

This program addresses many different anxieties, both emotional and physical, and the children are learning stable management practices as well as learning how to ride.
