

Subject: Thank You

Hi Dr. Asplin,

How are you? I hope you are doing well. I thought I would let the Rotary Club know that I am in the preliminary stages of planning another Benefit Concert for the Spring.

I was just hoping you could extend a thank you to the Rotary Club for all your past support. I just thought I would update you on how I have been. In early January, I was fortunate enough to win a grant from the Johann Strauss Foundation towards the advanced study of music in Austria. I will be travelling to Austria in late July to study in Salzburg for the month of August. I just thought that the Club would be interested to this update.

Your past support is greatly appreciated and has helped me gain this opportunity.

For the first 3 months of my summer (May-July) I will still need to work to earn enough money to pay for the balance of the trip and to support myself for the final year of my Undergrad. I was wondering if there were any Rotarians who's businesses would be hiring Summer Students, and if they would consider me as a potential employee. I am open to anything and I have attached a list of my work experience from the last couple years. I can also supply references if they are requested.

Thank you very much,

Kevin Ngo
